

# Welcome to Neridah's World

Neridah is an artist who likes to make art about the world around her. She loves to travel to different places and draw what she sees. She likes drawing outdoors so she takes her sketchbook and her pencils with her. Later she makes paintings, prints, collages and ceramics in her studio back at home.

The exhibition **Neridah Stockley: A Secular View** includes many different artworks that Neridah has made over the last 20 years. She has visited the ocean, the bush and the desert and walked around the streets in towns and cities in Australia and overseas. She is inspired by the shapes and colours and textures that she sees.

## In the gallery

Go for a walk around the exhibition and explore Neridah's world.

Look closely to find the different views and objects that inspire her and draw them in the space provided.

Answer the question at the bottom of the page and circle the correct medium.
